PROFESSIONAL SUMMARY

Results-driven software developer with over 4 years of experience designing, developing, and deploying high-quality software solutions. Proficient in full-stack development, with expertise in JavaScript (React, Node.js, MongoDB, Express), Python, Google Cloud Platform, PHP, MySQL, HTML, CSS. Adept at translating complex business requirements into efficient, scalable, and maintainable code. I believe strongly in continuous learning and staying open, collaboration, and leveraging technology to solve real-world problems. Committed to delivering exceptional user experiences and driving business growth through innovative software solutions.
